Summary. This pamphlet indexing United States Army Alaska (USARAK) blank forms has been revised. This pamphlet lists all official USARAK blank forms. It identifies blank forms by their number and title, and lists the issue date. This pamphlet also provides the prescribing directive, the unit of issue, and indicates whether the blank forms are stocked in the Publications and Blank Forms Stockroom (Building 800) (the stockroom), by the proponent (proponent of record is listed), or on the USARAK web site. This pamphlet has been revised to update the index and list the blank forms that have become obsolete since this pamphlet's last publication.

Applicability. This pamphlet applies to all activities and organizations assigned or attached to USARAK, including the Army National Guard and Army Reserve.

Interim changes. Interim changes to this pamphlet are not official unless the Director of Information Management authenticates them. Users will destroy interim changes on their expiration dates unless sooner superseded or rescinded.

Suggested improvements. The pamphlet's proponent agency is the Directorate of Information Management, Administrative Services Division, Record Management Branch. The Records Management Branch invites users to send comments and suggested improvements on Department of the Army (DA) Form 2028 (Recommended Changes to Publications and Blank Forms) directly to the Records Management Division, Attention: APVR-RIM-ASD-RM.
